Subject: Canyon Lake Property Owners Association Hires New Director of Operations

Canyon Lake, CA – Canyon Lake Property Owners Association (Association) is pleased to announce that a new Director of Operations has been hired, Steve Schneider, who will start with the Association on Tuesday, April 4, 2017.

Schneider is a degreed mechanical engineer professional who has extensive project management experience specifically in the public works sector. His specific skillset is in HVAC Construction and Control Systems Engineering, which has allowed him to manage multiple concurrent construction crews, tradesmen and projects. For more than a decade, he has managed many large scale commercial and public works projects ranging from schools, hospitals, large office buildings to airports.

The Association's General Manager Eric Kazakoff says "We selected Steve because he offers a broad range of experience in project and construction management, which is necessary for the role here in Canyon Lake. The Director of Operations not only manages a crew of more than 30 employees, but also coordinates and manages many vendors and contractors on a wide variety of projects. Steve's background in managing complex projects and working with the full spectrum of construction trades makes him an ideal candidate for this position."

About Canyon Lake Property Owners Association

The Canyon Lake Property Owners Association (the Association), incorporated in 1968, as a California nonprofit corporation, is responsible for the operation and maintenance of the common areas within Canyon Lake. The purpose of the Association is to promote the recreation, benefit and enjoyment of the homeowners within the community. The Association's mission is to support the Canyon Lake community with exceptional services and solutions, which make this a premier place in which to live and work. For more information about the Association, visit www.canyonlakepoa.com or call (951) 244-6841.
