

Rule Revision

Lake and Marina, Section 9.7 - Requirements for Down Skier / Rider

Approved Rule Revision:

When a skier / rider is down, display the red or international orange flag, check traffic carefully, throttle back to slow, driver must make left hand turn, circling around and behind skier / rider bringing rope around and behind person in water. Note; rule is suspended if skier is in danger or threatened by other watercraft.

Previous Rule:

When a skier / rider is down, display the red or international orange flag, check traffic carefully, throttle back to slow, make a port side (left) 180-degree turn following back in your wake to pick up fallen skier / rider.
